Let me start off this morning by clarifying some confusion some of you had with yesterday's note about the Pedaling the Prairie ride this week.

Several of you asked about registering for the ride. If you are enrolled for the 2018 Ready2Roll Cycling training series, you don't need to register for this ride – you just show up, sign in at the Ready2Roll Cycling sign-in area, and ride. No registration is needed and no payment – Ready2Roll Cycling pays for all of our riders who participate.

There was also some confusion about the point that said Ready2Roll Cycling riders had to enroll to join this Friday. This note refers to any new riders who are not enrolled and will need to enroll for our 2018 training series. Ready2Roll Cycling riders enrolled for the series and do not need to register to participate in the ride this week.

In order to give us time to download the list of Ready2Roll Cycling riders who have enrolled for the 2018 training series, we need to download the enrollment data at noon Friday and clean up any errors and send to the printer so we have the sign-in list on Saturday morning. This is what we meant that (new) Ready2Roll Cycling riders need to enroll to join Friday – otherwise, we may not know you are enrolled (and paid) and our sign-in team will send you to the public registration tables.

This ride is open to the public so any of your friends who are not participating in our series can register for this ride and come out and ride with you. This do need to register and pay but you do not – your enrollment fee for the series includes the fee for this ride.

If you are planning to ride this Saturday, please read on – there are a few important details you need to know.

The first detail today is to call your attention to the start time – **9:00 am is the correct start time.** We'll be starting just this side of Horseshoe at the Prairie County Fairgrounds – please allow plenty of time to arrive in Horseshoe no later than 7:30 am as it takes a LONG time to travel the final mile or so into the parking area if you arrive late.

2018 Ready2Roll Cycling Training Series - Ride 2 - Pedaling the Prairie - Feb 2, 9:00 am

This week, we have a special treat – we're partnering with Faith West Academy for the Pedaling the Prairie ride! There will be plenty of distance options – 25, 45, 50 or 70 miles. The two shorter routes will be fairly flat while the 55 and 71 mile routes will include more
