OK, let's have a show of hands...

...How many of you read the full subject line and saw the 9:00 am start time this Saturday?

...If you usually arrive at 9:00 am, please arrive by at least 8 am again this week - it will take quite a while to park and get ready to arrive early!

One more note - several of you asked if you need to register for the ride...

If you are enrolled for the 2019 Ready2Ride Cycling training series, as a Rider, Bike Mechanic, Bike Health or Bike Police participant, you don't need to register for this ride: you just show up, sign-in at the Ready2Ride Cycling sign-in area, and ride. No registration or payment is needed - Ready2Ride Cycling pays for all of our enrolled riders who participate. If you have already enrolled with Ready2Ride Cycling and have not received your rider helmet sticker yet, we will issue it to you at the sign-in table.

If you enrolled as a 2019 Ready2Ride Cycling Email-Only participant, you are welcome to ride this Saturday but you need to register and pay.

Note - In order to give us time to download the list of Ready2Ride Cycling riders who have enrolled, we need to download the enrollment data and **break the sign-in list at 10 am Friday** and send it to the printer so we have the sign-in list on Saturday morning.

This week's ride is a **partner ride** and is open to the public so any of your family and friends who are not participating in our series can register for this ride and come ride with you. They do need to register and pay.

If you are planning to ride this Saturday, please read on - there are important details you need to know.

Ready2Ride Cycling - 2019 Ride 2 - Pedaling the Prairie - Feb 2, 9:00 am

This week, we have a special treat - we're partnering with Path West Academy for the Pedaling the Prairie ride! There will be plenty of distance options - 25, 45, 55 or 70 miles. The two shorter routes will be fairly flat while the 55 and 70 mile routes will include more of the rolling roads out to Winnebago and back. Note - 25 or 40 miles is plenty for most of our riders unless you have already been riding longer distances. This is only week 2 of the season so you will have plenty of opportunities to ride longer later in the season.

Directions to the start of the ride - Walker County Fairgrounds (22000 Fairground Rd., Remounted, 73445, GPS: 36.917754, -96.626061).
